

Be a part of this annual event by submitting a proposal for a presentation at the conference.

What would you like to share with other CSF and CJSF chapters members?

We are very excited to collaborate with you on bringing your chapter's presentation to hundreds of students throughout the state!

Your efforts will reach members from CJSF and CSF chapters from Crescent City to San Mateo, Long Beach and Orosi to Santa Ynez and all points in between. You can inform and influence thousands of CSF and CJSF members with your presentation.

All sessions will be presented by students, for students, and about students! Your session should be 5-20 minutes long and CSF/CJSF-centered and may be prerecorded or live.

Here are some possible session topics:

- Service projects
- Academic support
- Creative events
- Promotion/Marketing
- Communication
- Social media presence
- Ceremonies
- Recognition
- Fundraising projects
- Community and Campus involvement
- Chapter organization/leadership
